Corrupted Machine Code

Below is the machine code where there is a single bit flip in the following fields

```
00000001001010100101000000100000        ->        Rd field
00100001000010110000000000000101
00000001001010100110000000100100
00110001110011010000000000001111        ->        Rs field
00010001101000000000000000110100
00010101011011010000000000110100
00000001110010000000000000011010
00000000000000100111100000010000        ->        Rt field
00000000000000011000000000010010
00000001001010100000000000011000
00000001011011001100100000100001        ->        Funct field
00110111001100000000000011111111
00000001000010011000100000101010
00101001000100100000000000001010
00000001001010101001100000100010
00111100000101110100000000000000
10001110111101000000000000000000
10001110111101010000000000000100        ->        opcode field
00111100000101100001001000110100
```
